Dear Parent / Carer

Year 10 Work Experience Week 2025

All students in **Year 10** are going to be on **work experience** from **12th – 16th May 2025**. In this period there will be no classes – each day all students will be at the workplace of their host employer.

Work experience gives students the chance to learn about what type of job they might enjoy and develop their CV. We know it can be one of the most transformational experiences young people have during their education.

Students (and their families) should source their own work experience placements. The careers guidance and sixth form team will do its best to find placements for any students who have been unable to find their own, but because we have limited resources, we expect to only be able to help a few students.

We are using Unifrog (www.unifrog.org) to manage the administration of the work experience programme – for example collecting information from the employer about their Risk Assessment and Health & Safety policy, as well as getting agreement from yourselves for the placement to go ahead.

Some important logistics:

- Students need to agree the placement with the employer **first**, and then get the ball rolling by adding the placement to their Unifrog account (they'll find the Placements tool on their Unifrog homepage).
- The Unifrog system will then email the employer, the parent / guardian, and the school, to collect the necessary information and permissions. For the process to work, **it is essential that students add the initial information about the placement accurately.**

Parents/Carers Login into Unifrog:

- Communication was sent out to all parents/carers on 19th November with guidance on how to create your own Unifrog accounts should you wish to sign in.
- For parents/carers the sign up code you need is: **WORUparent** and you can sign up here:

www.unifrog.org/code

Finding out more:

- Unifrog have created a set of guides about placements which you can find [here](#).
- Within this set of guides, [this](#)  is the best one to start with (it includes a short animation of how the whole process works).
